Sewer System, Road Improving Plans Discussed

LINDENHURST—The village of Lindenhurst will seek \$13,010 through tax levies in the fiscal year ending next April 30, according to a tax levy ordinance passed at the monthly meeting Monday night.

The village budget calls for the spending of \$62,115, with almost a third of this or \$20,000 going for road, ditch and culvert maintenance.

The difference between the \$13,010 tax levy and the \$62,115 appropriated for the fiscal year will be made up in such ways as sales tax shares, building permits, refunds, vehicle tax funds, motor fuel tax funds, licenses and the like.

Maintenance and improvement of arterial streets in the village is down for \$14,000 in the appropriations column of the ordinance.

A sum of \$2,000 was appropriated for preliminary planning of a proposed village sewer system engineering services.

Preliminary plans for arterial roads work were sent to Elgin and Springfield for state study and approval some time ago. The village as of Monday was still awaiting their return.

Hope was expressed that work on such a system could start this fall.

Rep. W. J. Murphy of Antioch has been trying to push the state paper work on the arterial road work along, village board president Robert Randall said.

A house numbering system in the village in connection with a possible sub-post office being established there was discussed.

The board voted to pay Marvin Walker \$3,380 for road, culvert, gravel and similar work done on village roads.

Members of the village planning commission and the village board of trustees will meet at 7:30 p.m. August 29 to discuss a master plan proposed by the planners for the village.

The Girl Scouts were granted permission to conduct a fund raising drive in Lindenhurst Saturday and Sunday, October 1 and 2.

New Factory, Warehouse Is Being Built

(See Picture on Page 1)

Walls of Antioch's newest manufacturing plant and warehouse were taking shape this week as the 130 by 100 foot one-story structure was being pushed toward a fall completion date.

President Hal Gefvert of Grayslake, president of the Gefco Manufacturing Co., which is building the Antioch structure, said it was hoped to occupy the new structure at least partially by October 1.

It is located on Anita avenue near Ida avenue in the village's small factory district east of the Soo Line tracks.

As of now its 13,000 square feet will be the largest area under one roof in this manufacturing district.

Gefvert said the local plant will be comprised mostly of warehouse space, although there will be some assembly work of radio loudspeakers here. The loudspeakers are manufactured and assembled at Grayslake now.

There will be no manufacturing here by the 50 to 60 employees expected to work in Antioch, he said. About 80 per cent of the local workers will be women, or about the same proportion as work at the Grayslake plant.

About 200 persons are working at Grayslake.

The Antioch building will be completely fireproof, Gefvert said. Brick exterior walls were being erected late last week and early this week. Foundations for the outside walls were in place.

"WE'RE JUST FISHING" was the murmured reply when the photographer stopped by at the dam on the Fox River at Wilmot, Wis., last weekend. These two men plus four or five others not shown but nearby were enjoying the sunshine but not too much fishing luck. The rocks on which they are shown standing jut out from the Wilmot village shore off to the right. Water at this point ran several feet deep and the dam itself was invisible beneath it when the floods hit the river-lakes area this past spring. Sewer System, Road Improving Plans Discussed

LINDENHURST—The village of Lindenhurst will seek \$13,010 through tax levies in the fiscal year ending next April 30, according to a tax levy ordinance passed at the monthly meeting Monday night.

The village budget calls for the spending of \$62,115, with almost a third of this or \$20,000 going for road, ditch and culvert maintenance.

The difference between the \$13,010 tax levy and the \$62,115 appropriated for the fiscal year will be made up in such ways as sales tax shares, building permits, refunds, vehicle tax funds, motor fuel tax funds, licenses and the like.

Maintenance and improvement of arterial streets in the village is down for \$14,000 in the appropriations column of the ordinance.

A sum of \$2,000 was appropriated for preliminary planning of a proposed village sewer system engineering services.

Preliminary plans for arterial roads work were sent to Elgin and Springfield for state study and approval some time ago. The village as of Monday was still awaiting their return.

Hope was expressed that work on such a system could start this fall.

Rep. W. J. Murphy of Antioch has been trying to push the state paper work on the arterial road work along, village board president Robert Randall said.

A house numbering system in the village in connection with a possible sub-post office being established there was discussed.

The board voted to pay Marvin Walker \$3,380 for road, culvert, gravel and similar work done on village roads.

Members of the village planning commission and the village board of trustees will meet at 7:30 p.m. August 29 to discuss a master plan proposed by the planners for the village.

The Girl Scouts were granted permission to conduct a fund raising drive in Lindenhurst Saturday and Sunday, October 1 and 2.

New Factory, Warehouse Is Being Built

(See Picture on Page 1)

Walls of Antioch's newest manufacturing plant and warehouse were taking shape this week as the 130 by 100 foot one-story structure was being pushed toward a fall completion date.

President Hal Gefvert of Grayslake, president of the Gefco Manufacturing Co., which is building the Antioch structure, said it was hoped to occupy the new structure at least partially by October 1.

It is located on Anita avenue near Ida avenue in the village's small factory district east of the Soo Line tracks.

As of now its 13,000 square feet will be the largest area under one roof in this manufacturing district.

Gefvert said the local plant will be comprised mostly of warehouse space, although there will be some assembly work of radio loudspeakers here. The loudspeakers are manufactured and assembled at Grayslake now.

There will be no manufacturing here by the 50 to 60 employees expected to work in Antioch, he said. About 80 per cent of the local workers will be women, or about the same proportion as work at the Grayslake plant.

About 200 persons are working at Grayslake.

The Antioch building will be completely fireproof, Gefvert said. Brick exterior walls were being erected late last week and early this week. Foundations for the outside walls were in place.

DEAR READER News Editorials**YOU Too Can Help Fight Fires**

One of these days it could happen. A fire will break out say in a suburban home where fire apparatus and firemen have to travel several miles to reach the scene. The home may be off the road several hundred feet or more so firefighters must travel a road or long driveway to reach the scene. Perhaps someone will be in the home cut off by fire or hurt. Assistance is needed in bringing the person out safely. Ladders, axes and other equipment on fire trucks plus firemen will be needed to bring this person to safety.

The life of a man, woman or child may hang in the balance. This is not to mention the loss of property, personal and otherwise, plus the decided inconvenience and troubles faced by the ousted people who must seek a new home, clothes, furnishings and the like.

Sunday afternoon would-be spectators at the barn fire on the Hastings YMCA camp property just east of Antioch gave firemen from Lake Villa and Antioch plenty of trouble in reaching the scene quickly.

Cars were parked "every which way" in the road leading to the fire.

People would not move to the side when they heard or saw fire apparatus nearing them from the rear or approaching them in plain view.

The smoke from a distance and then as one neared the scene, the fire itself attracted "fans" from a wide area.

Let's give the firemen a break. Give them plenty of room to move and work. Some day it may be YOUR home or business or loved one they save.

Famous Band to Play at Wilmot

WILMOT, Wis.—The Naval Training Center band of Great Lakes, Ill., the largest official navy band in the Midwest, will entertain Kenosha County fair attendants Sunday, August 14, with concerts in the afternoon and evening from the free acts platform.

The 40 member unit is on call around the clock to serve the states of the Ninth Naval district. Every season is a busy one for navy bandsmen.

Last year the band traveled over 25,000 miles, played before half a million people.

Winter means concert season, and the navy musicians prepare an extensive and varied program to appeal to about 60 different types of audiences throughout the Midwest.

During the summer the band transforms into a marching unit and performs in about 50 parades and celebrations.

Each week in the year the dance

tended a picnic Sunday at the John Gyger home, Libertyville.

Mr. and Mrs. Harvey Brown returned home Tuesday after a ten-day stay with her brother and wife, Mr. and Mrs. Leo Livermore, Rapids City, S. Dak.

Robert Hastings, Detroit, spent Saturday at the Ervin Rasch home.

band and smaller combos provide music for dances and variety shows on the station.

The Great Lakes band is heard frequently on radio and television. Though most of its activities are within driving distance of Great Lakes, the band travels over 16,000 miles by navy plane in a year's time.

Flights take them as far west and south as Wyoming and Missouri, north to Minnesota and North Dakota, and as far east as Ohio.

Antioch News
Antioch, Ill.

Dear Sir:

Have you ever received shocking news about a loved one that filled you with fear, anxiety, worry, and you felt you knew of no one to whom you might turn to help you secure factual information?

This is just the situation with which my wife and I were faced on July 13 when we received a telegram from Air Force headquarters, Washington, D. C., advising that our son, Airman 2nd Class Ronald J. Noble, AF 16598402 who was currently on temporary duty in England from his base at Lockbourne Air Force Base, Columbus, Ohio, had been found unconscious in Birmingham, England. The cause of the accident was unknown and his condition was critical.

We thought of our good friend, Herman Holbek, who resides at 593 Main Street, Antioch, and is a representative in our community of the Lake county chapter, American Red Cross.

Holbek was so kind and understanding, telling us that he would contact the Red Cross chapter in Waukegan and that everything would be done to secure information in regard to our son.

In a very short time, we received a call from the home service worker at the Lake county chapter who assured us that she would endeavor to secure as much of the details as possible.

The chapter immediately contacted the field director, overseas of the American Red Cross asking for as much detailed information as possible and also asked if the mother's presence was recommended.

The following day the chapter had direct communications with their Red Cross field director at our son's permanent base in Ohio, but they, too, were unable to give detailed information.

The chapter learned that the mother's presence was not advisable at that time, but as soon as the doctors recommended her presence, the chapter home service worker assured us they would assist in completing all plans.

On the 14th of July, the chapter learned that our son had been transferred to a military hospital and that they would receive further reports.

On the 18th of July the Red

Cross learned that the doctors recommended my wife's presence.

The home service worker met with us, planned our entire trip from Chicago to England on July 20.

My wife and I departed from O'Hare field for New York and through the efforts of the Lake county Red Cross chapter, we were met by the New York City Red Cross Volunteers who immediately took us to the passport office where all papers were ready for us, thus avoiding any delay.

We were driven to McGuire Air Force Base, N. J., where my wife departed by military flight at 4 p. m. the same afternoon.

When she arrived overseas, she was met by Red Cross representatives and taken to our son's bedside.

Through Red Cross channels, I was able to learn of her safe arrival overseas and have continued to receive current reports on my son.

I am unable to express my thanks to Mr. Holbek for the generous and efficient services rendered my wife by the Lake county American Red Cross, and the Red Cross everywhere.

John E. Hucker, seaman, USN, serving aboard the support aircraft carrier USS Kearsarge, took part in a joint Canadian-American anti-submarine warfare exercise from July 21 through August 3 off the west coast of U. S. and Canada.

He is a son of Mr. and Mrs. Edwin Hucker of route 3, box 299-A, Antioch.

Two American anti-submarine warfare groups headed by two aircraft carriers joined with six Royal Canadian destroyer escorts and supporting supply ships to provide the seagoing forces.

Air units from Whidbey Island, Wash., Alameda and North Island, Calif., also joined in the operation.

Be it ever so humble—it's wonderful to get home after a strenuous vacation. But take it easy getting there, says the Institute for Safer Living. Much of the value of your vacation can be lost if you arrive home tired, and rushed. If possible, allow the last day of vacation for a good rest at home before returning to work.

Consider Roads In Lindenhurst For Betterment

LINDENHURST—Roads in the village of Lindenhurst considered for A-3 surfacing were listed as follows in a "Lindenhurst Newsletter" mailed out by the Conservative-Progressive party of that community this week:

Sand Lake road, Valley drive, Woodland drive, Lindenhurst drive, Countryside lane, Fairfield road, Long Meadow drive, Hawthorne lane and Maplewood drive.

Albert Hart, chairman of the Lindenhurst board of trustees road committee, supplied the road names to the C-P party.

A letter from the state of Illinois granting permission to improve arterial roads in the village also authorized the expenditure of \$10,000 for this work.

The money, the Newsletter said, is to come out of the village's motor fuel tax refund which as of July 18 amounted to \$11,387.12.

The Newsletter also reported that Mr. Kidera is cutting weeds on vacant lots in the village on a "signed contract of \$2,000 for one cutting and \$1,500 for a second cutting."

Morton Engle had told the village board at a recent meeting that it would cost \$5,000 to do this weed cutting.

The Newsletter credited Mrs. Matthies and Charles Pawlowski of the village board of spearheading a drive to get the weeding job done at what it called "a more reasonable figure."

Mrs. Lois Peterson and Anthony Romano were credited with saving the village about \$400. Mrs. Peterson typed stencils for printing the village ordinance and Romano printed them at the cost of supplies only.

Dog tags for 1960 will be available as of Monday, August 15, at the village hall.

Claude Kaskie Chosen To Head Blood Program

Claude F. Kaskie, manager of the Lake County chapter of the American Red Cross for the past year, has been selected as administrator of the Kansas-Oklahoma blood program.

Kaskie has left for his new job to be stationed in Wichita, Kans.

With 11 years of service, Kaskie's promotion is an important step upward in his Red Cross career.

He came to Lake county chapter from Alton, Ill., where he served as executive director.

During his year here, Red Cross made great strides in bettering the services available to Lake county. The chapter has acquired one of the finest mobile first-aid-disaster units in the country. The unit was donated by the Maury Manufacturing Co. of Chicago.

More recently, Kaskie was instrumental in the Lake County Red Cross effort to bring 4-year old Evangelo Kasebes to this country for a heart operation. It was largely through his work that arrangements were completed for this mercy mission.

SPRINGFIELD — A Lake Villa man, Thomas W. Behrendt of route 4, box 218, has had his driver's license suspended by the drivers license division of the secretary of state's office.

Avery Vose, Antioch, Tells of PMA Action

Avery A. Vose of Antioch, president of the Pure Milk Association, in commenting this week on a plan for twice-a-month payments to dairy farmers for milk shipped to Chicago and adjacent markets, said: "the (PMA) board took this action after thorough discussion by each member with producers in each PMA district."

The proposal was made to the U. S. department of agriculture to further amend federal order 41, regulating the handling of milk in the Chicago area.

It is anticipated that a hearing on the proposals will be held early this fall.

Courthouse Notebook—

BY LOU DURKIN

A strange sight at the recent golf outing of the Lake County Bar Association at Glen Flora Country Club was the Democratic nominee for Governor, Otto Kerner, roaming about the gathering apparently alone.

Normally at this stage of a campaign for the state's highest office one would expect the nominees to be surrounded by publicity men, advisers, local politicians, and a host of well-wishers, but Kerner apparently was on the scene as a golfing attorney rather than as a vote-seeking candidate.

Kerner apparently makes a habit of such unobtrusive appearances since he has shown up at several "non-partisan" gatherings the past several months to mingle with the merry-makers or conversationers.

Tax bills should be ready for mailing in another two or three weeks and none too soon as far as Republican candidates in Lake county are concerned.

None of the candidates for county office in the coming election have a thing to do with the preparation of the tax bills, but the arrival of the tax statements will no doubt be followed by a howl of anguish from all sectors of the county.

This could be reflected at the polls if the bills arrived too close to election time, but the candidates feel that tempers will cool before Ballot day.

Compromise is the soul of democracy and a vital tool of the politician which no doubt explains the rather surprising decision reached by the county board of supervisors Tuesday before they approved the resolution transferring title of the courthouse square to the Lake County Public Building Commission.

The resolution opens the door to eventual construction of a new court house and county office building and virtually assures its construction on the present site in Waukegan.

The compromise, which made passage of the resolution possible, was an amendment providing for the simultaneous construction of a county building annex or sub-office in the central part of the county.

This annex would house the Forest Preserve District, County Veterinarian, the jury commission five days a month, a sub-station for the sheriff's office, a sub-collection office for the county treasurer's office during tax collection periods, and office of the building and zoning and planning departments.

The amendment was introduced by Supervisor Joseph P. Welch, of Cuba, and was signed primarily by western Lake County board members with the help of Supervisor Kenneth Henke, of Benton, and John Casperson and Henry Strenger, of Shields.

One affirmative result of the amendment is the admission on the part of the signers that additional facilities are needed to house the departments of the county government.

Unfortunately the amendment could weaken the arguments for a new building since decentralization of departments would eliminate the need for more space in the century old building.

It's our guess that between now and time for construction of the new county buildings there will be a change in attitude on the board and many of those who voted for the amendment will reverse their field as they realize the added cost and inconvenience of scattering the functions of government.

The board also voted to establish an office of Director of Finance for the county to serve as an adviser to the county board and county officials, but not without cries of anguish from some of the members who see a threat to the township form of government in the concession to progress.

Opponents of the plan profess to see a dwindling of supervisor responsibility and power and new costs to the taxpayers.

Proponents insist the office will pay for itself and will enable the board to better serve the interests of a growing county.

The discussions on the director of finance and the new courthouse at least should make some of the supervisors aware that Lake County is big and is going to get bigger and that the governing body of the county is going to have to live with this fact, like it or not.

Kenosha County Fair....

(continued from page 1)

Sportsmen will operate the rainbow trout pond on the fair grounds. Fairgoers can catch and win prizes for prime game fish.

The pond, established under a fisheries license secured by the fair association, is a major property improvement.

This year the federation has installed more fencing and lights, and improved the project generally.

Four gigantic acts will be presented each afternoon at 3 and each

night at 9 without additional charge to fairgoers.

This year's entertainment will feature the "Kimris," and their sensational saber jet trapeze act; the "Whiz Kids," fun on wheels—four youngsters performing on unicycles; Chai and Somay, oriental contortionist acrobats, and Willy Keo, clown sensation on the trampoline.

Attendance at the Kenosha county fair is anticipated at over 40,000 according to fair officials. They view the enlarged livestock, agricultural, commercial and industrial displays as the yardstick for their prediction.

Dennis McCarthy Marks Birthday; Channel Lakers Get 'Lost' on Trip

By Mrs. Pearl Kapell
Phone Antioch 1687

CHANNEL LAKE — Dennis McCarthy had a big day when he celebrated his tenth birthday on August 6. He was host to about 17 children, and assorted adults accompanying the children, at a party in the afternoon. The party was complete with ice cream, cake, balloons and favors.

In the evening, his wish to attend the stock car races at Wilmot was granted. His chauffeur for the evening was his uncle, driving a convertible.

If you attended the races, you know the rains came as the last race ended. And the top of their convertible had been left down. So any portion of their anatomies that were dry when they reached the car, got thoroughly dampened on the way home.

The Peter Necks and daughter, Mary McCarthy, finished a two weeks vacation when, like most of us, they tried to do all the things they can't find time for during the year.

Among other things, they took the McCarthy children on tours of the Chicago Museum of Science and Industry and Brookfield zoo.

A trip to Brookfield zoo was the recent destination, also, of Mr. and Mrs. Ralph Dowell and Mrs. Hazel Willett and the children of both families.

Only they took the tollway and eventually found themselves in Muncie, Indiana.

Because Hazel and Marilyn say they can't read maps—and Ralph forgot which exit led to the zoo.

A suggestion to authorities in Lake county who have cracked down on gambling—better investigate the tollway. You pay 30 cents, or 60c—or whatever—and it's pretty much of a gamble where you'll end up, if you haven't previously memorized the exit signs.

No return on your money, I'll admit—but that's generally true in most gambling.

Roger Strattan returned home August 6 from two weeks training at summer camp at Camp McCoy, Wisconsin, as a member of the Army Reserve.

Mr. and Mrs. Paul Chase left August 8 for a trip to Eagle River and Rib Lake, Wis.

Brownies of Troop 74 enjoyed a conducted tour of the telephone company office in Antioch Aug. 4.

The roller skating party at the Twin Lakes rink on the evening of August 4, sponsored by the Channel Lake Community club, was a complete success. About 90 people were present.

Mrs. Frieda Jones returned home from the hospital on August 3. A broken bone in her knee was the cause of her hospitalization. She will be confined to a wheel chair for about a month.

Judy Moschel, granddaughter of Mr. and Mrs. Frank Hennig of Lake Avenue, was winner of the recent beauty contest at Wonder Lake, and went to the Woodstock fair as a finalist in the contest.

Mrs. Ralph Dring of Broadview spent a week recently with Mrs. David Strattan. During her visit, Mrs. Dring and Mrs. Strattan were entertained at luncheon at the home of Mrs. Dring's daughter in Salem and at the home of Mrs. Michael Hruby.

The Happy Eight club met August 3 at the home of Mrs. Theresa Krantz. Members who attended were Mrs. Rose Hess, Mrs. Oleg Hennig, Mrs. Harry Weiss, Mrs. Dolly Spiering, Mrs. Marie Sima, Mrs. Jane Frey and Mrs. Julia Schmitt.

Mr. and Mrs. Frank Taylor and Rosemary Kelly are houseguests of Mrs. David Strattan this week. Davelle Strattan spent a week recently at the Taylor home in Chicago.

Mrs. William Chase was installed as president of the American Legion Auxiliary, and Mrs. Thomas Chase as secretary, at a joint installation ceremony held at the Legion hall in Antioch August 4.

Mrs. Paul Chase acted as installing officer of the auxiliary. William Chase was installed as an officer of the Legion.

A potluck supper was served after the ceremonies.

Many trees were blown over or uprooted in the storm which hit this area on August 3.

Electric and phone wires were downed or broken by falling trees and limbs, and some parts of Channel Lake were without electricity for ten hours.

At the Happy Acres ranch on Route 173 at the Fox river, four trees were uprooted and a window broken by the storm.

Mr. and Mrs. Glenn Dowell and family of Woodbine avenue went "camping out" at Sturgeon Bay, Wis., last week.

Miss Celia Hojem will return home August 12 after eight weeks attendance at summer school at Whitewater college. Celia was a teacher at Grayslake school last year.

Loretta Ring, daughter of Mr. and Mrs. Blaine Ring, celebrated her sixth birthday July 31. Loretta didn't have to send out invitations to make up a party. Her 12 brothers and sisters are sufficient to make a party at any time.

Mr. and Mrs. Robert Willis and family of Wilmot road returned August 5 from a trip to Muskegon, Mich., where they spent a few days visiting relatives.

Mr. and Mrs. Ray Lindblad and family are moving from Channel Lake to a residence on North Main street in Antioch August 15.

Fire Levels Large Barn; Firemen Save All Nearby

A large barn on the farm of the Hastings YMCA camp property near Millburn burned to the ground late Sunday afternoon while firemen from Lake Villa and Antioch protected nearby buildings.

An Antioch fire truck, one of two at the scene during the blaze, was on its way back to Antioch from Mundelein when the call was relayed to it by radio. It had been at Mundelein at a firemen's outing.

In fact William Miller of the camp-staff had to use his car radio-telephone to put in an emergency call to Chicago which relayed the fire call to Antioch for help. Emergency lines to Lake Villa were "out," Miller said.

The property is in the Lake Villa fire district. Antioch responded to aid under a mutual aid system between the two communities where by each helps the other when needed.

Tanks of water on two of the trucks at the scene provided water for spraying on a house about 150 feet from the burning barn and a shed-garage a little nearer the blaze.

Firemen wet down the roofs and sides of the two buildings to prevent heat radiation or burning embers from igniting them.

MILLER SAID the fire was first noticed by Lew Bertoo of the camp crew who was in the house near the barn. He noticed smoke rising from high up on the west side of the barn.

The alarm in turn was relayed through the camp about a quarter of a mile from the farm buildings by Marvin Egdal, camp director, who was in the camp kitchen and saw the smoke out the kitchen's rear window.

Some 200 to 250 boys from Chicago YMCA's had arrived at the camp only that afternoon for a two-week stay, Miller said. Parents who had accompanied some of them had returned home only an hour or so before the fire broke out.

About 1,500 bales of new hay had been placed in the barn recently and it was believed spontaneous combustion in this hay started the fire. Smoke was visible for about 15 minutes before flames could be seen, Miller reported.

Saddles and some equipment was removed from the barn by Antioch firemen, but about 600 bushels of oats, bridles, a manure spreader, hay and some other items were lost.

Firemen used a tractor at the farm to pull equipment away.

THERE WAS NO CHANCE of saving the barn by the time the four fire trucks and crews were on the scene so their efforts were concen-

trated on preventing the fire from spreading to fields and other buildings.

Twenty-one horses used during the camping season for riding by the boys were out in the pasture when the blaze started. During weekdays they are in the barn when not in use, Miller explained. Weekends or at least Sundays, the horses are in pasture.

A brisk breeze during the blaze kept it "well fanned" and as late as 10 p.m. Sunday fire still blazed up at the scene as hay and other materials continued to burn.

Miller expressed his thanks to the Lake Villa and Antioch fire departments for their response and good work in keeping the fire from spreading.

Golden road on which the farm is located was crowded with spectators and their cars. Miller said fire equipment had some difficulty in reaching the scene due to the large number of autos.

Camp employees served coffee and refreshments to the firemen.

Past Masters Night Is Slated

Annual past masters night of Sequoit lodge No. 827, A. F. & A. M. will be held at 7 p.m. Saturday, September 17, in Wesley hall of the Antioch Methodist church.

Entertainment will be enjoyed following the dinner.

This year the Antioch lodge is deviating from the usual policy of only Masonic brethren attending this event and instead all Masons and their wife or lady friend will be honored guests of Sequoit lodge, worshipful master Harold W. Wilson announced.

In order to assist junior warden Roy W. Frasier, those planning to attend are asked to mail in a return card stating just how many will be present. Frasier is responsible for preparations for the dinner.

Reservations must be returned to Frasier by August 28.

A stated meeting of Sequoit lodge is scheduled for 8 p.m. Tuesday, September 6, with work in the first degree. Another is slated for Tuesday, September 20, with work in the second degree.

Lions Schedule Party at Pool

Antioch Lions club will hold its first poolside party and barbecue at the Antioch Aqua Center swimming pool Saturday, August 20.

There will be aquatic games and contests starting about 6:30 p.m., followed by dinner. The latter is supposed to have barbecued roast beef as the piece de resistance, along with baked potatoes, hard rolls, salad and a relish tray.

After dinner Dr. A. A. Bucar will take over the helm as he directs Lawrence Welk, Ray Anthony, Ted Heath and many others in a little number called "Dancing at Pool Side."

Jack Fields has headed the committee in general charge.

Lions club members and their wives will be attending.

SPRINGFIELD — Kathleen L. Jaskowski of route 3, box 264, Antioch, has had her driver's license revoked by the drivers license division of the Illinois secretary of state's office.

It Was Dark, And Not Late For These 2

By Mrs. Pearl Kapell

CHANNEL LAKE—Ever make a perfectly obvious mistake which made you wonder, momentarily, if you might have a few buttons missing?

When Mrs. Ellen Pieper, Mr. and Mrs. Ralph Dowell and family, and Mr. and Mrs. Robert Willett and family spent a few days in Detroit, Mich., recently, Mrs. Pieper committed such an error.

Having risen at 3:30 a.m. and traveled all day, the group was exhausted when it finally located a rooming house and got settled.

Ellen and her niece, Sharon, who were sharing a room, declared their intention of retiring immediately, although it was only 7 p.m.

Ellen set the alarm for 8:30 the next morning, and slept. The alarm awakened her. She roused Sharon, and both washed and dressed carefully for the day's activities.

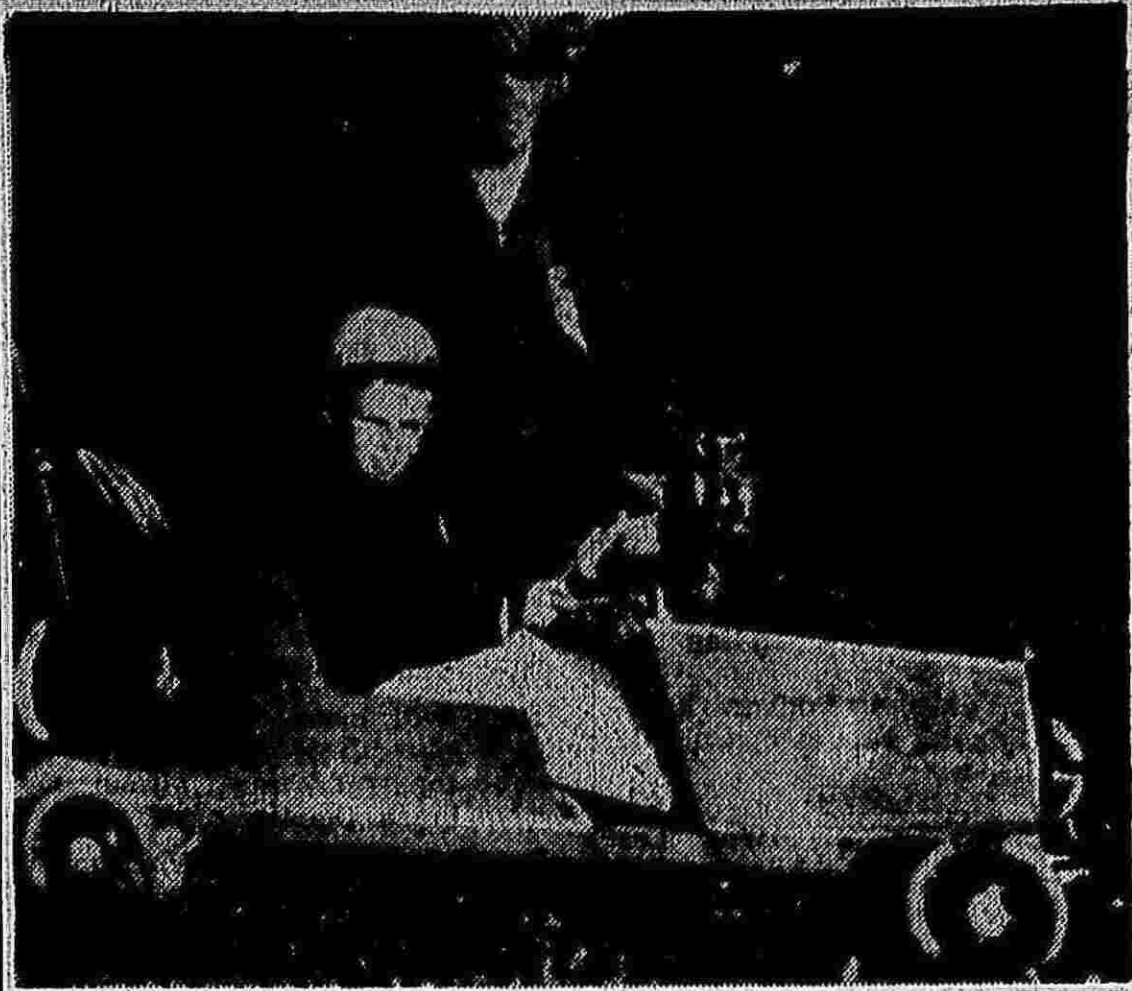

Sharon remarked how soundly she had slept and how rested she felt. Ellen remarked that it sure looked dark out, and there must be a storm brewing. Dressed, they descended to the porch of the residence to await their companions. Ellen remarked to an elderly gentleman on the porch that it was awfully dark for 8:30.

The man looked surprised and said, "No darker than Chicago." Ellen and Sharon decided people in Detroit had strange ideas.

Looking up at the sky, Ellen discovered the stars were out, and the truth finally dawned on her—you just can't set an alarm for 8:30 a.m. at 7 p.m.

Their long, refreshing sleep had covered little more than an hour.

Oh, well, we all make mistakes.

SOAP BOX DERBY WINNER Calvin Maule (seated in "car") and his grandfather, John McPhee, formerly of Tillamook, Scotland, are shown after Calvin took first place in the Cub Scout Pack 8 derby held August 3 at Salem, Wis. Calvin, who was also champion last year, took a second gold cup this year by having his "soap box" car voted the best looking entry. His grandfather's efforts helped in the design and construction of the car. It was painted blue and gold, the Cub Scout colors, and sported chrome bumpers and grill.

Calvin Maule Wins Soap Box Derby For Cub Scout Pack 8, Salem, Wis.

SALEM, Wis.—Salem Cub Scout Pack 8 held its second annual Soap Box Derby on August 3.

There were 13 entries in the race with a variety of original designs and mechanisms incorporated in the home made cars.

Billy Hansen, son of Mr. and Mrs. Bob Hansen, Cross Lake, Wis., was winner of the time trials. He descended the hill in his white car in 19 seconds flat. His closest runners-up were Calvin Maule, Bill Thompson and Jim Grumbeck, who recorded a time of 20 seconds each.

Hansen was disqualified in the first heat of the heat eliminations due to faulty steering.

Calvin Maule, last year's champion, took the Gold Cup in this event. Calvin is the son of Mr. and Mrs. William Maule of Voltz Lake, Wis.

Second place ribbon was awarded to Gary Olson, son of Mr. and Mrs. Larry Olson of Salem. He streaked across the finish line in his silver car.

Bill Thompson, son of Mr. and Mrs. Bud Thompson, Voltz Lake, earned third place honors. He was driving a fluorescent red car named "Cubnik."

Maule was awarded his second gold cup in the derby when his fellow Cub Scouts voted his car the "Best Looking" entry in the race. Calvin shared this honor with his grandfather, John McPhee, formerly of Tillamook, Scotland. Mr. McPhee's talents were instrumental in the design and construction of the car. Calvin's streamlined car was painted blue and gold, the Cub Scout colors, and sported chrome bumpers and grill.

Other entries in the race were Wayne Olson, Dean Antes, Steven Terry, Tim Barty, Terry Nosko, Stormy Grumbeck, Don Miller and Tom Day.

The Salem Cub Scout Pack is "very proud" of its champion soap box derby racers and would like to issue a challenge to race against other Antioch area Cub Scout packs.

If your pack would like to accept this challenge to a race contact Salem's Cubmaster, George Lebangood, Route 4, Box 485, Antioch, Ill. Phone UNDERhill 2-3366.

Little League Final Games Slated Sunday

Sunday afternoon, August 14, will see final action in the Antioch Little League baseball schedule with a doubleheader on the schedule.

Winners of games that started this week Tuesday evening when the Giants played the Sox at the local field back of the library, and will continue through this week Friday evening, will meet Sunday.

First game on the sabbath with teams in the consolation round finals taking their turn at bat, will begin at 1 p.m. The championship contest is booked for 2:30.

Wednesday night the Cubs met the Tigers. Thursday the Yankees will play the winner of Tuesday's contest and Friday night the Dodgers are to meet the Wednesday victors.

In case of rain, the schedule moves up one day and the championship and consolation round final contests will be played at the same times Sunday, August 21.

The Yankees upset the apple cart last Sunday afternoon by edging the Dodgers 3-1 in the second game of a doubleheader. But the Dodgers already had won the regular 1960 season title.

Opening game on the Sabbath saw the Cubs edge the Sox 6-5.

Final standings of the regular season:

	Won	Lost
Dodgers	7	3
Yankees	6	4
Giants	6	4
Cubs	6	4
Sox	3	7
Tigers	2	8

Nelson Wins Wilmot Race

WILMOT, Wis.—A big race date at the Kenosha county fairgrounds track in Wilmot will be Saturday, August 13, as part of the county fair now going on there.

That evening will present the only auto racing program scheduled during the fair.

The first clean sweep of the season for the powerful modified stock cars was accomplished last Saturday evening by the "Big Dane," Norm Nelson of Racine.

Nelson topped fastest qualifying honors (55 mph), won his heat plus the 25-lap feature attraction.

The feature drivers were paced by Rusty Kaye, Burlington, in the 1960 Chevrolet El Camino which will be presented to top point man for the season.

This was probably the incentive for an almost record feature time until the rains reduced the speed on the final 3 laps.

A spectacular 3-car smash involving Don Sorce of West Allis, Bary Darnell of Deerfield, Ill., and Jack Radtke, Grayslake, Ill., forced a re-start of the feature.

Until the 15th lap it was a toss-up between seven of the feature drivers who were driving two and three abreast on the straightaway and corners. Excitement could probably be heard in the next county.

Nelson finished first, Bob Karry, Waukegan, second; Radtke, third; Dick Renahan, Round Lake, fourth, and Sorce, fifth.

Attendance last Saturday evening was 3,186 and the driver's purse amounted to \$1,542.

Race Driver Bob Karry Living in Lindenhurst

By Mrs. Bernice Bernan

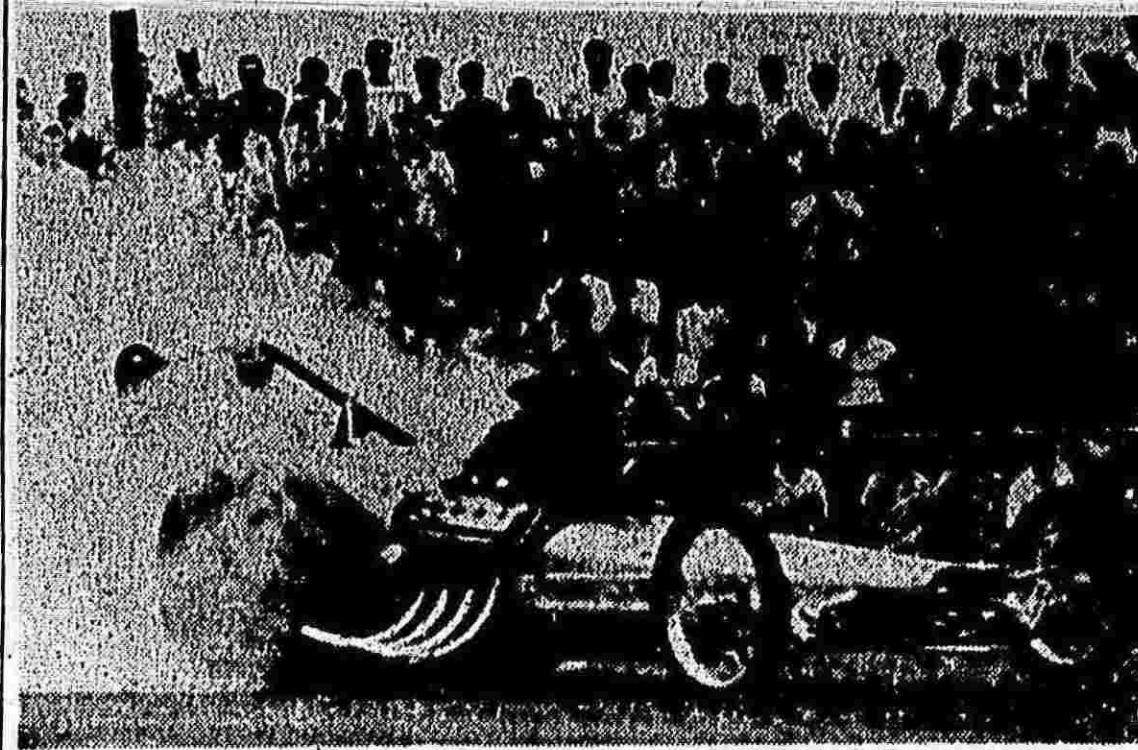

LINDENHURST — Bob Karry, who races at Waukegan and Wilmot Speedways, lives in Lindenhurst on Bonner lane. He has been a racing enthusiast for about nine years.

He has had several turn overs, locked fenders and close calls but no serious accidents.

Bob and his wife, Peggy, have lived here for two years. They formerly lived in Waukegan. Peggy takes their five children Lynn, Michael, Nancy, Robin and Patricia with her to see him race quite often.

Racing is more or less a hobby with Bob. He has a business in Waukegan. Peggy belongs to the "Wood-chicks" club.

News of Lakes ports

UNION GROVE DRAGAWAY fans will see scenes similar to this Sunday morning and afternoon, August 14, when the Great Lakes track near that Wisconsin town features a "best 2 out of 3" match among dragsters to determine the 1960 world title holder. Shown here are Chris Karamesines of Chicago as he "blasts off" the line for the start of his now famous run which tied him with Don Carlits of Tampa, Fla., at 187.50 mph. The race took place at the dragway near Union Grove. This track is located on U. S. highway 45 just south of Union Grove.

Greg Krieger Winner In Waukegan Car Race

WAUKEGAN—Milwaukee driver Greg Krieger had things his own way again at the Waukegan Speedway Sunday night, as he won his sixth feature victory of the season and set the fast qualifying time of the night for the 10th time in 12 programs.

His average speed in the main event was 49.78 mph while he posted 52.02 mph in setting the fast time.

But the victory wasn't an easy one. Krieger had moved from the rear of the field and took over number 3 spot on the 13th lap and then moved into second by the 18th.

From here he had a big distance to catch up on leader, John Reimer of Milwaukee.

By the 23rd lap the two were running in a dead tie for the honors, with Reimer taking a slight edge on each turn.

The action packed finish saw the two hot Milwaukee competitors battle down the back stretch neck and neck and head into the final turn for the checker flag wheel to wheel.

Then a mishap occurred. The two bumped wheels and Reimer spun out and stalled his car and Krieger breezed to victory furthermore unchallenged.

Senior Bowlers Invited To Join Antioch League

Renewed interest in bowling has been shown by senior and retired kieglers, so to meet this desire to keep active and fit, a league will be organized for all men over 50 years of age.

An organization meeting is scheduled for 3 p.m. Wednesday, August 17, at the Antioch Bowl.

This will be a handicap league and the probable time for bowling will be 4:30 or 5 p.m. Wednesdays. This is to be part of a national movement to help senior citizens keep well and happy, especially for those who have retired.

Further information may be obtained by contacting the Antioch Bowl at Antioch 1155 or Dr. Earl Hays at Antioch 283.

Softball League Resumes Action After 'Storm'

Softball team action was scheduled to resume at the field four miles north of Antioch at the Wilmot road last evening (Wednesday) and to continue through Friday night of this week with single games each night.

Last week's windstorm blew down three poles which contained floodlights for the field and necessitated the schedule change.

One game will be played each evening, starting at 7 o'clock Wednesday, Thursday and Friday of this week. Double headers will be resumed next week when it is expected the poles and lights will be back in place.

Doubleheaders are scheduled for 6:30 for the first game start, followed about 8:30 by the second contest.

Six teams have indicated they would take part in the third round.

Antioch Driver Wins Chilean Relief Race

WAUKEGAN—Ed Pensaleck of Antioch was the fastest qualifier with 38.30 mph and went on to win the 18-lap feature stock jalopies race at the Waukegan Speedway last Friday evening in the Chilean relief fund event.

Only four of the 18 original starters finished.

Bob Herner of Waukegan was second, Herb Damron of Lake Villa third and fourth spot went to Dan Kopske, Milwaukee.

Pensaleck, piloting his 1951 Chevrolet, came up from the rear and fought his way through heavy traffic, taking over on the 11th lap from leader Barry May of Waukegan.

May, in trying to regain the position, hit Pensaleck and they both spun out. May, however, flipped over his 1937 Ford and was put out of competition for good.

After the re-start, Pensaleck took over for the remainder of the race.

The five who will comprise the queen's court were chosen from a field of 20 contestants Tuesday night this week, and were notified by phone.

Drag Races Scheduled At Union Grove Sunday

UNION GROVE, Wis.—The Great Lakes Dragaway, near Union Grove, will see the two fastest dragsters in the world engage in a "best 2 out of 3" match race, for the purpose of determining the 1960 world title holder, Sunday, August 14.

They will make three runs together, plus three individual runs for the top speed in an all-out effort to break the tie.

Don Garlits of Tampa, Fla., holds the world's elapsed time record of 8.23 seconds for the quarter mile, with his famous "swamp rat."

Chris Karamesines of Chicago, has the world's top speed record of 204.84 mph with his equally famous "Chizler."

The "swamp Rat" has turned a top speed of 200 mph, while the "Chizler" has run the quarter in 8.34 seconds. Both of these very potent dragsters are powered by Chrysler 300 series engines, with GMC superchargers on top.

The full race engines with the superchargers and special fuel mixtures, turn out over 1000 hp and are powerful enough to burn rubber the entire quarter mile.

The fuel used is a combination of nitro-methane and alcohol, with the nitro making up from 70 to 98 per cent of the mixture.
